Q. What do you like most about working at GSA FTS?

A. I love the toys, especially my Palm Pilot. I like being exposed to new technology. Since I travel a lot, I enjoy gadgets that allow me to be mobile and stay productive. My office here is fast-paced and it's a nice family environment.

Q. Favorite movie and/or T.V. show? Why?

A. I'm a big science fiction fan—I love T.V. shows like Star Trek and Babylon5. My favorite movie is Beetlejuice.

Q. Favorite website?

A. My Star Trek club website (www.ussjoshua.org).

Q. What food can't you live without?

A. Chocolate chip cookie dough ice cream. It has to be Ben & Jerry's because it's so obscenely rich.

Q. Something no one knew about you until now?

A. I'm a Valley girl and grew up in California. I served as a personnel specialist in the Army, stationed at Fort Ord, in Central California. It's pretty funny because I joined the Army to get away from home, and they wound up sending me right back.

Q. Who do you admire?

A. The person I most admire is the astronaut, Sally Ride. She took on space travel and a male-dominated field, and has been a tremendous success.

Q. Life philosophy in 10 words or less?

A. People of integrity expect to be believed and when they're not, they let time prove them right.
